AB - J05209195 Compsn. contains natural polysaccharide(s), basic
antibacterial agent(s) and plant fat and oil(s).
- Pref., polysaccharides include xanthan gum, glucomannan, quince seed
gum, locust bean gum, gum arabic, inulin, guar gum, karaya gum,
arabinogalactan, dextran, pullulan, curdram, sodium alginate, kappa-,
lambda- and iota-carrageenan, alpha- and beta-cyclodextrin, pectin,
hyaluronic acid, contritin tetra- and octa-sulphate, dermatan
sulphate, chondroitin 4,8-disulphate, dermatan 4,8-disulphate and
heparin sulphate. The basic antibacterial agents include
polyhexamethylene biguanidine hydrochloride, dodecyl guanidine
hydrochloride, chlorohexidine and benzoates. The plant oils include
lemon, petit grain, orange, bergamot, rose, lemon grass, citronella,
thyme, peppermint, lavender, geranium, spike and turpentine oils.
- USE/ADVANTAGE - The compsn. has high detergency and safety and is
environmentally friendly. The compsn. is used for cleaning hard
surfaces of industrial parts and prods.(Dwg.0/0)
